

It would be very devastatating to the local community because for many K-LOVE is their only Christian contact and they would lose a very important means of receiving Christ and knowing that there is someone who cares and can pray with and for them.

K-LOVE has helped many people overcome problems such as drug abuse, alcoholism, abuse, suicide, etc. It also has helped lead many to the christian faith and turn their lives around.

I enjoy listening to the inspirational messages and the great music.
